SOMERSET COURT.

Thirty-two of 45 Cases Set for Trial Have Been Continued.

Special to The Courier.
SOMERSET, Feb. 22.—In civil court there have been several cases disposed of since the last report. Out of a list of 45 cases set for trial 32 were continued, three were settled, three were disposed of by trial and in three non-suits were taken. There remain four cases for trial.

In the case of Patsy Ann Donelson against Frank B. Black, of Garrett, a verdict of \$25 was awarded to the plaintiff. The facts in the case were that the defendant entered into an agreement with the plaintiff whereby he was to cut certain lumber, and to exceed eight inches in diameter, and to return was to erect a barn for the plaintiff. It was alleged in the trial that the contract was violated, the defendant cutting timber exceeding eight inches in diameter, and that the barn constructed was of inferior quality. Damages were prayed for, but the jury took the matter in their hands.

Russell S. Stewart, a well known local dealer in live stock, was awarded damages in the sum of \$384 for the death of five mules, which were shipped to him from St. Louis, Mo. It seems that the animals were placed in a car on the E. & O. railroad and that no attention was paid to them. When the car in which the animals were shipped reached Somerset the mules had died of starvation. Suit was instituted at once.

The case on trial now is that of Daniel Klunk against J. P. Growall, an action in assumpsit. Both parties hail from Rockwood.

Charles D. Cochran has brought suit against the Jeannette-Queanahoning Coal Company for damages in the sum of \$16,000. The action is one of trespass for entering upon the property of the plaintiff and removing coal therefrom.

Among the suits entered today was that of Frank B. Black against the Garrett Coal Company. The debt in this action is \$38,102.
Judge Kosser recently dissolved the injunction granted against J. E. Francis, the Philadelphia contractor, who completed several miles of macadamized road east of Somerset last fall. Mrs. Josiah Woy was the plaintiff. She owns a farm along the improved road and alleged that by increasing the height of the road gutters and natural drains were destroyed and that her land was flooded. The court held that the State Highway Department has a right to do this.

On Saturday a Teachers' Institute was held in the Baker school house, 11 Greenville township. A good attendance was reported. The following was the program: Address of welcome, by Grace Yantzy; response, by Norman Wilhelm; "Useful Apparatus in Teaching Arithmetic," Annie Sasse; "Schoolroom Decoration," S. S. Baker; Violoncello, W. A. Altherr; "Use and Distribution of School Supplies," G. W. Buer; paper, Gertrude Scholer; debate, "Resolved, That the Soldier Endures Greater Hardship Than the Sailor." Affirmative, Francis Shunk and W. A. Altherr; negative, Matthew Jones and J. A. Rishel. Decided in favor of the negative.

The property sold included 2,807 acres of land in Summit township, a dozen dwelling houses, tracks, engines, boilers, dynamo, railroad sidings, mines and much other property. This mass of property was sold for \$2,510. The name of the purchaser was not made public, but it is stated that agents of the company purchased the property. A considerable quantity of other property, situated in various parts of the county, was also sold at Sheriff's sale this afternoon.

STORE NEWS

Some news this week that ought to interest you. Part of it news about Spring goods that you will want to see and buy. Part of it about goods that we want to get rid of. Because of the price you will want to see these also. Also, an invitation for you to come and see this store and the goods we have here. An invitation for you to make this store your own home store.

The New Suits.

Let's suppose that you have decided to buy a new Spring suit this Spring. Then suppose that some told you that for \$25.00 some particular store was showing a line of suits that was beyond the ordinary in style and material and fit of the garments, told you that that particular store had put forth extra efforts to have to this \$25.00 assortment better and prettier suits than you could buy elsewhere in this vicinity, and still further told you that because of certain good and sufficient reasons this particular store could afford to sell you suits on a closer margin than any other store in this vicinity. If some friend in whose judgment you had confidence told you these facts you'd be interested enough to go and look for yourself, would you not? How about it, though, when you read statements like these in an advertisement? Have you enough confidence in this store to know that when we make statements like these about our suits, that we have the suits here to make good every statement we make about them? That's one reason why we so often ask you in our advertisements to make this store your own home store. Then you'll rely on us so many others on every statement this store makes.

New Hosiery.

Plain black stockings for ladies. Only brand have some new numbers out this spring. Stockings to sell at 25 and 50 cents the pair. Plain black cotton and lisle stockings that are better values than we have had to show for these prices.

New Gingham.

Imported ginghams at 25 cents the yard. Prettiest patterns that we ever had to show. Patterns that you will be sure to like. Fashion has decreed that this is to be a gingham year and that means that later on some patterns will be scarce. Good idea to see these now.

Swiss Curtains at \$1 the Pair.

Showing this week two neat patterns in these at \$1.00 the pair. Dainty and neat, made of good quality swiss, and well made. You'd expect to pay at least a half a dollar more for these.

Carpets and Rugs.

Time almost to commence thinking and planning about that new carpet. Better keep Simon carps in your thoughts this Spring. Better come here and take a look at the patterns we have and let us figure with you on the probable cost of your carpets. If we can save you some money we want your carpet business. Think we are entitled to it if that is so.

Misses' Coats.

Still some left and all of them are on the table in the cloak room at \$5.00. If the size you want is there you couldn't find a bigger bargain for \$5.00.

Employers Avoid Lockout
New Castle on Tyne, Feb. 22.—Several conferences were held with a view to hanging a compromise in the strike of shipyard employes. All parties but the employers decided that they would not enforce a lockout which would have affected 30,000 men.

Duchess of Manchester a Socialist
London, Feb. 22.—The Duchess of Manchester, formerly Miss H. C. Lytton, and now the wife of the Marquess of Eglinton, is about to become a convert to Socialism.

Owing to the absence of L. L. Dockey, Chief of the Bureau of Industrial Statistics, the following address on the Employment Department of the Association was made by C. E. Hunt, Mr. Hunt said that the fact that the majority of the unemployed are men is not a new thing, but recently one of the great reverses which has taken place in the war is that there has been a change in the men who are now suffering, backward as it may be, that is natural and a result of many of the State Associations of the A. M. C. A. have called for a special appeal for the many idle men who are worthy of help. Still factories require more labor than in the times the A. B. S. associations believe that men can be employed to better way than to assist a woman to do the work of men in many cities, due to the persons who will not do the hard and menial work, stringencies continue, which I think will, the result will be serious.

The Association's interpretation of Christianity to the Men of Today was read by H. K. Cooke of Philadelphia owing to the absence of D. V. Burke, General Secretary of Missionary Education, who was undoubtedly distanced from the convention on account of duties in his office. Mr. Cooke took for his illustration a young college boy who had fallen under the power of drink and drugs and was found by friends who did not know him as lying face down on the sidewalk. The boy is broken, struggling, and if the young man should be put on the stand and told if he wanted another chance for being good he would say that he did not want to

be home to a promise. What the young man needs is a new life. I heard the Sunday afternoon thrice weekly. At these meetings I have reached that all special services the fashionable gospel. Is it that they are interpreting Christianity to these men? The A. L. B. interprets a flag of Christianity to the men of today. Is the same as well at all ages? The young man in the A. L. B. Boys' Department from Love is most interesting address in Philadelphia and ideas in Boys in put here. He said How many Boys join the Young Men's Christian Association with the knowledge of what it means? Have they a clue to why they are? The A. L. B. stands for why they are in your work in connection with the Y. M. C. A. The group purpose is to bind the young men together in the men of other men. In the Y. M. C. A. is a necessary thing for the boys who are going to take a live part in the Y. M. C. A. A boy will

try to do what he thinks you think he is. Every man who is no faith in a boy certainly does not help him. Thus, if you are going to stand in the principle of this Association you will have to stand in the thing, which up till boyhood it is the desire of the Y. M. C. A. to build up boys rather than the Association. Send your boy where he can do the best, whether it is at the church, High School, Y. M. C. A. or wherever it may be.

HALF A CENTURY OF SUCCESS.

When the Rev. and Father John O'Brien of Lowell Mass. recommended to his patients and friends the prescription that had restored him to health and set him in the popular mind of Father John's Medicine and so it became known and was advertised with his knowledge and approval. The prescription of an eminent specialist is pure and wholesome medicine free from poisonous narcotics, and never detaching either any form of violent medicine. His power to make a patient healthy and his power to strengthen and build up the body of a patient was his key to success. For fifty years in curing colds and all throat and lung troubles.

Ordinarily when you make an investment you must have a lump sum. You can't add to it when you wish. You can't turn your investment into cash quickly when you need money.

When you make an investment with this bank, all you need is one dollar. You can add to it whenever you please. You can get a part or all of your money whenever you want it. The interest paid—4%, compounded every 6 months—is as good a rate as almost any absolutely sound investment nets, after broker's commissions and attorney's fees, are deducted.

This is why a savings account with this strong bank is the best investment you can make.
